About Brasserie Astoria Singapore

Brasserie Astoria Singapore is an international brasserie located in the iconic Victoria Theatre & Concert Hall with roots in the 1840s.

The concept of Brasserie Astoria was introduced in 2021 in Stockholm in a venue that was once a cinema. The Astoria of today wants to recreate the international and sophisticated experience with a strong focus on friendly, knowledgeable service.

Brasserie Astoria Singapore is open until late and offers an extensive à la carte menu. Several dishes are presented on serving carts and with final touches prepared tableside. The brasserie also features a beautiful bar area with a cocktail service.
